PHILOSOPHY

CODE ROYAL SIGNET RINGS ARE A REVOLUTION

In history personalized jewelry was left to a few wealthy people, the nobility and the royals. It is thanks to the time-consuming goldsmiths art of trade that each piece of jewelry has been an unicum.

THEY USED TO CALL THIS THE CODE ROYAL

Especially the royals placed great value to express their power and personality through individual signet rings. They used to call this the CODE ROYAL. Times have changed and the royals have sold their own jewels already a long time ago! However the desire to individuality, breathtaking signet rings und jewelry with their own personality stronger than ever. CODE ROYAL offers endless interpretations of personalized signet rings and jewelry in excellent quality.

MANUFACTORY OF THE FINEST SIGNET RINGS

CODE ROYAL combines the traditional goldsmiths art of trade with modern jet-set design and sets new standards in the manufactory of the finest signet rings.

With almost endless possibilities of combinations is each CODE ROYAL masterpiece a hand-picked custom-made and therefor unique.

100% "Handmade in Germany" - Every signet ring is manufactured by master hand in up to twelve work steps in Idar-Oberstein.

Next to coat of arms and initials CODE ROYAL offers additional more than 60 engraving motives like for example zodiacs, animals or design objects.

QUALITY

CODE ROYAL MASTERPIECES - HANDMADE IN GERMANY

CODE ROYAL signet rings look back on a more than 500 year history from Idar-Oberstein, the worldwide only city where precious metal and layerstones are worked on on such a high level.

Every signet ring is manufactured by master hand in up to twelve work steps in Idar-Oberstein.

Many families of our 60 employers and service providers already been working for generations in the jewelry business, and that is why they bring next to their technical competence also a big portion of lifeblood and ambition for best quality to their job. Creative innovations and extravagantly traditional elements are leaving their marks on the unique character of the CODE ROYAL signet rings and founding their preciousness.

To fulfil our own standards, we are employing more than 60 specialists, which refine in Germany our masterpieces by hand with the latest technique.

Only exquisite precious metals are compatible with the most noble signet ring art:

- 925er silver
- 585er lemon-gold
- 585er & 750er yellow-, rose-, red- and palladium-whitegold

LEADING IN QUALITY & DESIGN

"It was our goal to set new scales at quality and design.

We are very happy to offer a unprecedented variety of signet rings and cuffs in the luxury department" - Frank Kuhlmann, manager of CODE ROYAL.

SIGNET STONES IN 20 COLOURS

CODE ROYAL offers the largest signet stone colour selection worldwide.

In our exciting selection of agate seal stones you find the perfect jewel to express your personality.

To accomplish this in its beauty, nature took 6-8 million years. Signet Stones of this quality have been used already for centuries by royals.

ENGRAVINGS BY MASTER HAND

We are engraving your coat of arms and your initials
by master hand in excellent quality.

There are only about 12 master engravers in Germany.
Of this work nine for CODE ROYAL.

The working life of the engraver plays over
40 years, often on a tiny surface of a half of
a square centimeter.

*We engrave initials also like
